If the contractor fails to maintain the required progress in terms of Work order issued or to complete the Work and clear the site on or before the contract or justified extended date of completion as per Work order (excluding any extension) as well as any extension granted, he shall, without prejudice to any other right or remedy available under the law to the Government on account of such breach, pay as liquidated damages the amount calculated at the rates stipulated below as the authority specified in Work order may decide on the amount of accepted Tendered Value of the Work for every completed day/ month (as determined) that the progress remains below that specified in Work order or that the Work remains incomplete.

A- Compensation for delay of Work with maximum rate @ 1% (one percent) per month of delay to be computed on per day basis based on quantum of damage suffered due to stated delay on the part of Contractor.

B- Provided always that the total amount of compensation for delay to be paid under this condition shall not exceed 10 % (ten percent) of the accepted Tendered Value of Work or of the accepted Tendered Value of the Sectional part of Work as mentioned in Work order for which a separate period of completion is originally given.

In case no compensation has been decided by the authority in Work order during the progress of Work, this shall be no waiver of right to levy compensation by the said authority if the Work remains incomplete on final justified extended date of completion. If the Competent Authority decides to give further extension of time allowing performance of Work beyond the justified extended date, the contractor shall be liable to pay compensation for such extended period. If any variation in amount of contract takes place during such extended period beyond justified extended date and the contractor becomes entitled to additional time, the net period for such variation shall be accounted for while deciding the period for levy of compensation. However, during such further extended period beyond the justified extended period, if any delay occurs by events, the contractor shall be liable to pay compensation for such delay.

Provided that compensation during the progress of Work before the justified extended date of completion for delay under this clause shall be for non-achievement of sectional completion or part handing over of Work on stipulated/justified extended date for such part Work or if delay affects any other Supplies/services. In case, the contractor does not achieve a particular milestone mentioned in Work order, or the re-scheduled milestone(s), the amount shown against that milestone shall be withheld, to be adjusted against the compensation levied as above. With-holding of this amount on failure to achieve a milestone, shall be automatic without any notice to the contractor. However, if the contractor catches up with the progress of Work on the subsequent milestone(s), the withheld amount shall be released. In case the contractor fails to make up for the delay in subsequent milestone(s), amount mentioned against each milestone missed subsequently also shall be withheld. However, no interest, whatsoever, shall be payable on such withheld amount.

If the Contractor commits default in commencing the execution of the Work as aforesaid, the performance guarantee shall be forfeited by the Competent Authority and shall be absolutely at the disposal of the Government without prejudice to any other right or remedy available in law.

extension of time and reschedule the mile stones for completion of Work Such extension of time or rescheduling of milestone/s shall be without prejudice to any other right or remedy of the parties in contract or in law; provided further that for concurrent delays under this clause to the extent the delay is covered, the contractor shall be entitled to only extension of time and no damages.

- II. Request for rescheduling of Mile stones or extension of time, to be eligible for consideration, shall be made by the Contractor in writing within fourteen days of the happening of the event causing delay on the prescribed forms i.e. Form of application by the contractor for seeking rescheduling of milestones or Form of application by the contractor for seeking extension of time respectively to the authority as indicated in Work order. The Contractor shall indicate in such a request the period by which rescheduling of milestone/s or extension of time is desired. With every request for rescheduling of milestones, or if at any time the actual progress of Work falls behind the approved programme by more than 10% of the stipulated period of completion of contract, the contractor shall produce a revised programme which shall include all details of pending drawings and decisions required to complete the contract and also the target dates by which these details should be available without causing any delay in execution of the Work. A recovery as specified in Work order shall be made on per day basis in case of delay in submission of the revised programme.
- III. In any such case the authority as indicated in Work order may give a fair and reasonable extension of time for completion of Work or reschedule the mile stones.
